

• **DURAMOLD**

DuraMold products are designed to provide stability through immobilization. The moldable thermoplastic volar & palmar inserts are easily formable to the individual patient with either hot water or heat gun. The plastic molded inserts are incorporated into a lightweight stylish orthosis. They are designed for maximum patient comfort and compliance.

Custom bracing made easy!

- Easily moldable Thermoplastic
- Immediate custom fit to the patient
- Can be formed right in your office
- No plaster cast necessary
- Just Add Hot Water

Dorsal molded plastic insert extends to midline covering 2/3 of the wrist
