

TOWNSEND

Sport Series

Townsend's durable, versatile, low profile Sport Series braces provide stabilization, support and compression for mild knee sprains and ligament injuries. Sport Series braces have rigid pockets that contain and cover the bars and hinges, so there is no exposed metal. These braces can be ordered with the customer's choice of three different Townsend Motion Hinge designs.

Potential Users

- Patients who require semi-rigid support for knee sprains
- Patients who have MCL or mild ligament injuries

Features

- Anterior closure or pull-on sleeves
- Rigid nylon pockets encase the bars (no exposed metal)
- Condylar pads sewn into the sleeves
- High quality unbrushed loop straps (2000 cycle-type)
- Popliteal cutout on posterior aspect of knee for unrestricted flexion
- Adjustable patella buttress pads (pull-on models only)

Sleeve Options

- 12 inch (two strap) or 16 inch (four strap) latex-free neoprene or non-neoprene breathable Fiber Cool material

Hinge

TM5+ Hinges -- Adjustable extension and flexion stops (0, 30, 45, 60, 75, 90 and 110 degrees)

P/N	Description
06-1001	Small 1600 PO or AC
06-1002	Medium 1600 PO or AC
06-1003	Large 1600 PO or AC
06-1004	XLarge 1600 PO or AC
06-1005	XXLarge 1600 PO or AC
06-1041	Small 1200 PO or AC
06-1042	Medium 1200 PO or AC
06-1043	Large 1200 PO or AC
